

Hello, my name is [Name] and I am a Boilermaker with Local Lodge [number] and a resident of [town/city/state].

As a constituent and hard working American, I am calling to urge you to pass the PRO Act.

The PRO Act would:

- Empower workers to organize and bargain.
- Hold corporations accountable for union-busting.
- Repeal “right to work” laws, which were created during the Jim Crow era to keep white and Black workers from unionizing together.

This is important, because stronger unions mean higher wages, safer working conditions and dignity for all people who work. The PRO Act is our first step to get there.

Thank you for taking my call.
